

About Us

Kapiree is an innovative online screening tool to make hiring simpler, smarter, and more human using asynchronous interviews & candidate tracking system. With automated video interviews and pre-screening, you do not need to worry about the initial basic filtering of hundreds or thousands of applicants. That way, you can also focus more on the already shortlisted candidates from the pre-screening process for further stages.

Why Kapiree ?

Kapiree offers the ultimate resume screening solution to streamline your hiring process, saving you time & resources while ensuring you find top candidates for your organization. Our asynchronous video interview platform improves candidate experience by 67% compared to traditional methods.

Who can use Kapiree?

Any industry that requires prescreening candidates can benefit from Kapiree. See how teams like yours efficiently screen and hire top talent using our automated video interview software.

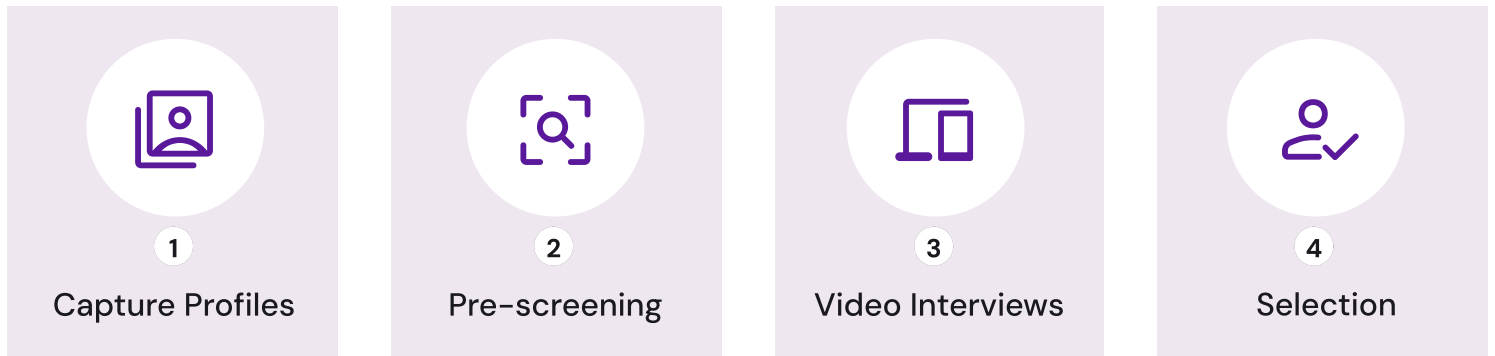

Using Kapiree automated video interviews, we found the perfect candidates in record time.

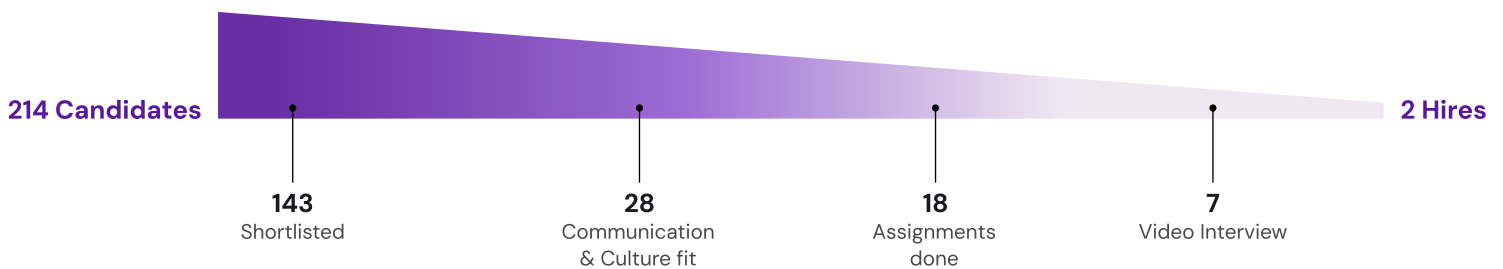

Janvi Goyal, HR Manager
